Container Siege:
Capture & Secure

SIEMENS

Our purpose has guided us
for more than 175 years:

**We create technology
to transform the everyday,
for everyone.**

Siemens: ONE Tech Company

Operating worldwide:

Together with customers, partners
and around **320.000 employees**
in more than **190 countries** in
various business & expert areas.

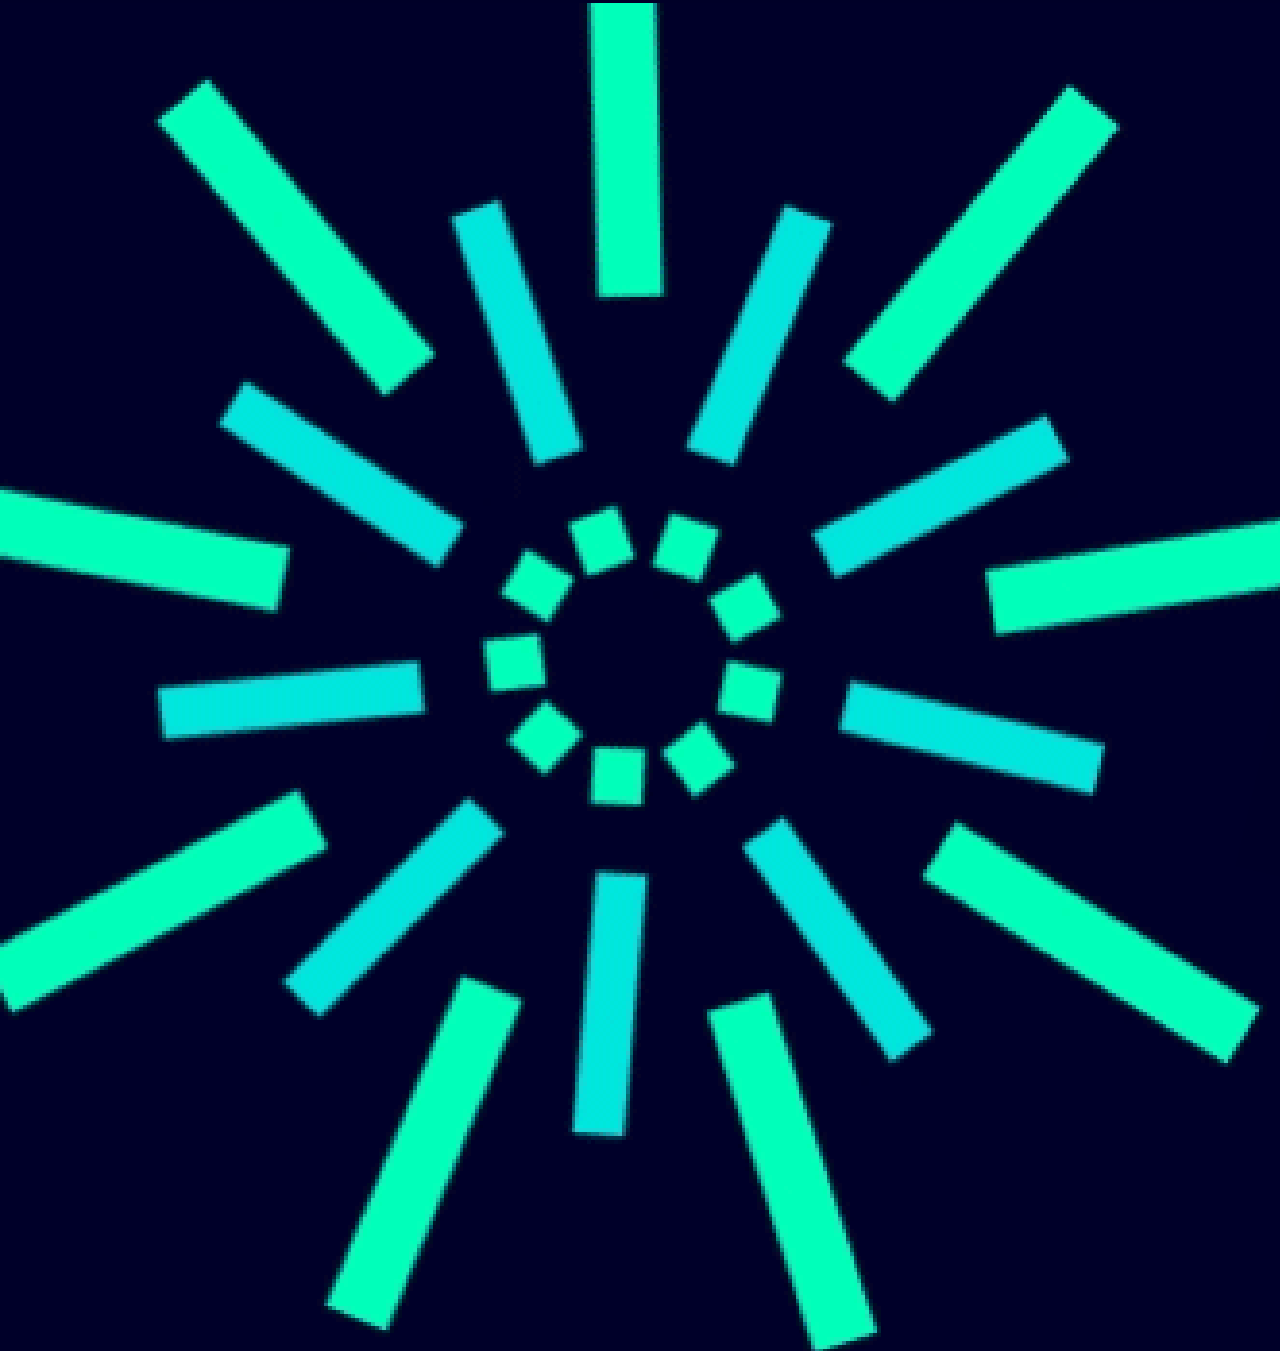

Siemens: ONE Cybersecurity

This translates to:

Lots of assets, software, servers, clients, vast networks & diverse products to attract threat actors with more than **100.000 attack attempts** yearly.

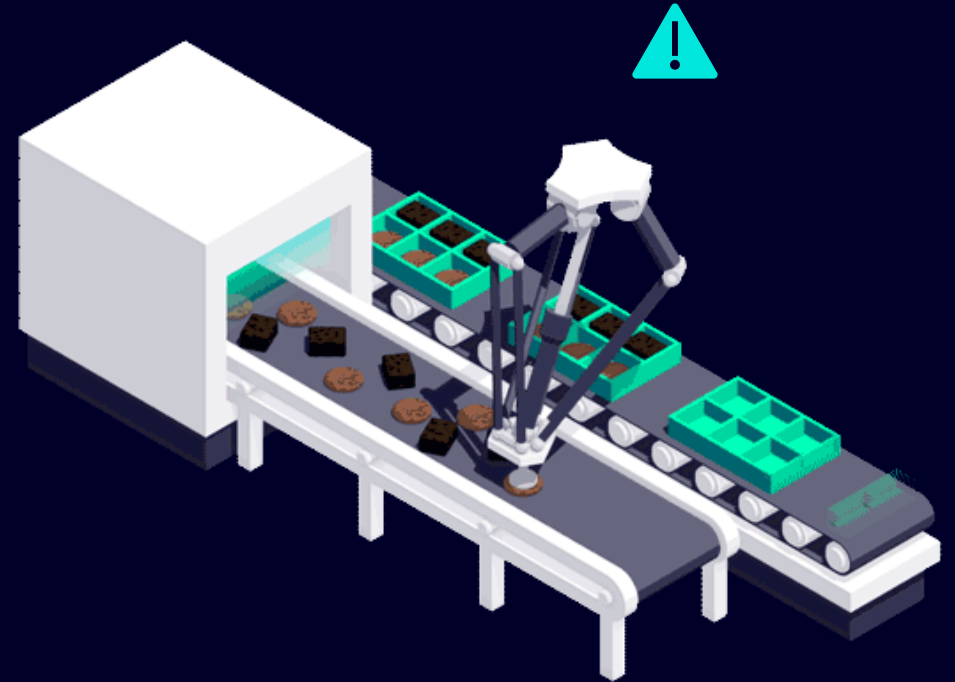

Last year...
you solved our
security incident!

How to prevent incidents?

- preventive measures
- detect and fix security issues
- be faster than attackers

Our Challenge

You will get access to a containerized environment.
Develop a tool, which:

1 Detects security issues

2 Suggests or applies remediations

3 Scales across diverse, distributed environments

Our Challenge

You will get access to a containerized environment.
Develop a tool, which:

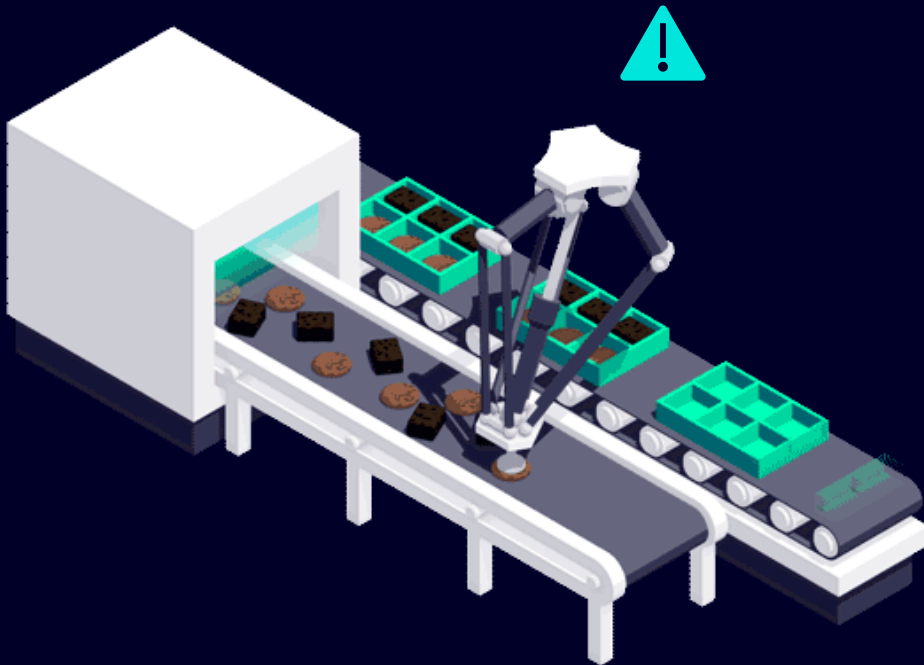

1 Detects security issues

2 Suggests or applies remediations

3 Scales across diverse, distributed environments

Yes, it's a
CTF!

Join our challenge:

Dive into Containerization & Cybersecurity

Be creative - think like an Attacker and a Defender

Present your ideas to Siemens' Cybersecurity Leaders

Let's Hack for Security!

Be creative, think like attackers & defenders!
